My Job Board Job Posting Network

Do you have an information-only careers page on your website? Many job seekers expect to be able to find relevant jobs and apply directly from your site. With My Job Board you can promote jobs directly from your site, with no setup required.

Example of My Job Board:

The screenshot shows the Axiom Learning My Job Board interface. At the top, the Axiom Learning logo is displayed. Below it, a heading reads "Join Our Winning Team!" followed by the subtext "Start Your New Career Today!". A search bar with a magnifying glass icon is labeled "Search for Jobs". To its right are two dropdown menus: "Select Location" and "Select Category". A blue "Search" button is positioned to the right of the dropdowns. Below the search bar, it says "Showing 1 - 6 of 6 jobs". A table lists four job postings. Each row has three columns: "Role", "Location", and "Category", followed by an "Apply Now" button. The roles listed are "Full Time Academic Skills Tutor", "Full Time Academic Skills Tutor", "Full Time Math and Science Tutor", and "Part-Time Academic Skills Tutor". The locations are "Menlo Park, CA", "Wellesley Hills, MA", "Los Altos, CA", and "Menlo Park, CA". The category for all is "Teaching/Training".
